COMMENTS/ MESSAGE: **REGARDING:** Application Serial No. 09/394544

Dear Ms. Steele:

In follow-up to our conversation yesterday I am forwarding copies of the post card that was enclosed with my application - filed 09/13/99. This self-addressed post card indicates the contents of the Express Mail package sent 09/13/99. Please note that a check for the filing fee for the amount of \$380 was enclosed and received by the USPTO as acknowledged by the USPTO label assigning the serial number 09/394544. The whereabouts of this check appears to be the root of the problem and I have contacted my bank and they have indicated that this check has not been cashed nor has any request been made.

In submitting this application in 1999 I made copies of the documentation that was submitted. For your reference I have included with this fax, copies of the check submitted for \$380, the Express Mail certificate, the Express Mail receipt, and the letter that accompanied the filing indicating the check for \$380.

As you are aware I am handling this application on a pro se basis and any direction or help you might offer would be greatly appreciated.

Thank you for your time and assistance.
